

As you approach the Casa Rivera this elegant home immediately impresses with design features like brick pavers for the driveway and a beautiful tile roof.

The expansive grand salon flows gracefully into the kitchen and family room creating an open expanse that all looks out on the screened lanai.

The gourmand will appreciate the exquisitely appointed kitchen featuring a huge walk-in pantry and convenient access to the dining room via a butler nook.

The master suite features an adjacent sitting room that also overlooks the lanai and includes an ensuite master bath with a spectacular garden tub and shower.

The Casa Rivera is a well thought out design perfect for seasonal or year round use.
